The (un)official prequel of what happened before Hotline Miami.. The Hotline Miami of pizza delivery. Kind of a one trick pony. I would not pay more than \$2 for it, but it is a fun and ridiculous arcade experience. Mix bullethell and Crazy Taxi with the terror that is the Australian Suburbs and you get World's Fastest Pizza. Race around random neighborhoods during "happy hour" dodging gunfire and explosions, being chased by a rabid dog, to deliver the hottest pies in town, then sneak into a dungeon and follow the blood trails to deliver a last-meal to those being held there - leave them to enjoy their pizzas and get out, then drop off your last meatlovers to a peaceful, sober man in the quietest neighborhood in Sydney. A truly absurd game.. Nice game, ya druggo wankas. I love this game. But I hate Doug. So much.. As an Australian. I am proud to be the first person to write a review on this indie gem. Buy It. While its still on sale.
